**BUILT FOR REAL WORK**

# BREATHE SAFE. WORK STRONG. STAY PROTECTED.

## CW SERIES RESPIRATOR MASK

Reliable protection. All-day comfort.  
Certified performance you can trust.

**HIGH FILTRATION EFFICIENCY**  
Multi-layer filter media blocks  
≥ 99% of airborne particles,  
including dust, fumes and mist.

**EXHALATION VALVE**  
Low breathing resistance valve  
reduces heat and moisture build-up  
for easier breathing.

**ADJUSTABLE NOSE CLIP**  
Moldable nose piece ensures  
a secure seal and minimizes  
leakage around the nose bridge.

**COMFORTABLE FIT**  
Soft inner lining and elastic straps  
provide a snug and comfortable  
fit for long working hours.

**DURABLE & RELIABLE**  
Strong, lightweight structure  
maintains shape and protection  
even in tough conditions.

**EXHALATION VALVE**  
Efficiently releases hot  
air and moisture for  
cooler, easier breathing.

**ADJUSTABLE NOSE CLIP**  
Ensures airtight seal  
and reduces fogging  
on eyewear.

**PREMIUM FILTER MEDIA**  
Multi-layer filtration system  
for maximum particle  
protection and breathability.

**ELASTIC STRAPS**  
Durable and stretchable  
straps for a secure  
and comfortable fit.

**COMPLETE PROTECTION**  
EVERY STEP.  
EVERY DAY.

MODEL  
**L7 PSL**  
SAFETY BOOT

## TECHNICAL HIGHLIGHTS

- 1 COMPOSITE TOE CAP**  
Impact resistant up to 200J, lightweight and non-metallic.
- 2 KEVLAR ANTI-PUNCTURE MIDSOLE**  
Penetration resistant up to 1,100 N. Protects the entire foot.
- 3 PREMIUM LEATHER UPPER**  
Water resistant, breathable and extremely durable.
- 4 PADDED COLLAR & TONGUE**  
Enhanced comfort and ankle support for long working hours.
- 5 SHOCK ABSORBING HEEL**  
Reduces impact and fatigue.
- 6 PU/PU OUTSOLE**  
Excellent grip, slip resistance (SRC), resistant to oils and fuels.

## ADVANCED OUTSOLE TECHNOLOGY

- MULTI-DIRECTION GRIP PATTERN**  
Superior traction on wet, oily and uneven surfaces.
- OIL & FUEL RESISTANT**  
Resistant to oils, fuels and chemicals.
- SLIP RESISTANT SRC RATING**  
Tested for maximum performance on ceramic and steel surfaces.
- SHOCK ABSORPTION**  
Reduces pressure on joints and improves comfort.

## ENGINEERED FOR EXTREME CONDITIONS

Designed for demanding work environments where safety and reliability are critical. The L7 PSL boots provide complete foot protection with unmatched comfort.

- IMPACT RESISTANT
- PUNCTURE PROOF
- WATER RESISTANT
- ANTISTATIC ESD
- BREATHABLE LINING
- LIGHTWEIGHT DESIGN

## IDEAL FOR

### OIL & GAS INDUSTRY AND HEAVY INDUSTRY

Perfect for workers in refineries, offshore platforms, petrochemical plants, drilling operations, and all high-risk industrial sectors where safety standards must be uncompromised.

# ENGINEERED FOR EXTREME CONDITIONS. BUILT FOR YOU.

The 910 Power Safety Boot delivers advanced protection, all-day comfort and exceptional durability for the most demanding industries.

-  MAXIMUM PROTECTION
-  ALL-DAY COMFORT
-  SUPERIOR DURABILITY
-  OIL & CHEMICAL RESISTANT
-  SLIP RESISTANT
-  ANTI-STATIC

## KEY FEATURES

### STEEL TOE CAP

Impact resistant up to 200J for maximum toe protection.

### PUNCTURE RESISTANT MIDSOLE

Protects feet from sharp objects like nails and metal shards.

### OIL & SLIP RESISTANT OUTSOLE

Specially designed tread for excellent grip on wet, oily and uneven surfaces.

### SHOCK ABSORPTION

Reduces impact on heels and joints for less fatigue.

### BREATHABLE LINING

Moisture-wicking inner lining keeps feet dry, cool and comfortable all day.

### PADDED COLLAR & TONGUE

Extra ankle support and cushioning for long-lasting comfort.

## OUTSOLE TECHNOLOGY

● **DEEP LUG DESIGN**  
Provides superior traction and stability on demanding terrain.

● **FLEX GROOVES**  
Enhance natural movement and reduce foot fatigue.

● **OIL & SLIP RESISTANT COMPOUND**  
Designed to resist oils, fuels and harsh chemicals.
